LUMBER PLANT BUYS GROUND FOR YARDS.

Indiana Firm Will Furnish
Quarter-Sawn Ma-
terials.

WORK FORTY HANDS.

Will Begin Work Within the
Next Ten Days—Switch
To Be Laid.

Dering, Frank & Lewis, of Peters-
burg, Ind., have bought grounds
in Hopkinsville for the establish-
ment of a big lumber plant, with
saw mill and other machinery. It
will be located in the southeastern
part of the city on a lot 310 by 350
feet, bought of Dr. T. D. Rudd and
wife, on the corner of Walnut street
and the L. & N. Railroad where it
crosses the Clarksville pike.

The firm will get its timber by
rail over the L. & N. and convert
the logs into rough lumber, making
a specialty of quarter-sawing. The
quarter-sawn lumber finds a ready
market in Chicago and other cities
and much of it will be shipped away
by rail. The firm has lumber plants
at Dawson and other points.

Mr. W. B. Lewis, one of the firm,
now at Dawson, will move here to-
morrow and occupy one of Dr.
Rudd's houses until he can build on
Bentley avenue, near his plant. He
will supervise the work of putting
in the plant at once. The outfit will
be installed within ten days.

The establishment will work from
30 to 40 hands. It will be a perma-
nent plant and later along it will
probably put in a dressed lumber
department.

The firm will at once grade a
switch alongside the property and
the L. & N. will lay the track.

SELF EXPLANATORY.

American Book Company
Writes County Superin-
tendent.

Miss Katie McDaniel, County Super-
intendent of Schools, has received
the following communication from
the American Book Company.

Cincinnati, O., April 15.

Miss Katie McDaniel,

Hopkinsville, Ky.,

Dear Madam: Your
attention has been called by the
official letter of State Superintendent J.
H. Evans, to the fact that the Court
of Appeals having decided adversely
to the American Book Company in
the suit against us brought in Mason
county, our bond to the state exe-
cuted under the late County Adop-
tion Law has become forfeited. As
the law under which this bond was
made has been repealed we can not
renew the bond, and therefore, any
counties using our publications un-
der an action in compliance with
the late County Uniformity law
should at once change, as directed by
the State Superintendent, to the
State Contract books. If arrange-
ments have not already been made
in your county for the appointment
of depositors, as required by the
State uniformity law, we trust that
this may be done as early as con-
venient by your County Schoolbook
Board.

Yours truly,

AMERICAN BOOK COMPANY.

Miss McDaniel has appointed the
following depositories: Croft &
Brasher, Crofton; Garner & Cren-
shaw, Lafayette; H. C. McGeehe,
Gracey; Wood Bros., Pembroke, and
Hopper & Kitchen, Hopkinsville.

A protracted meeting began at
the Casky Baptist church Sunday,
the pastor, Rev. W. H. Vaughan,
being assisted by Rev. Mr. Cole, of
Lafayette. The services will be
held at 10 a. m. and 8 p. m. for a
week or ten days. The preachers
are staying at Mr. Winston Henry's.

NAVAL FIGHT EXPECTED AT PESIADORES.

Russian Admiral Is At
Least Brave, If Not
Discreet.

TOGO ON DEFENSIVE.

Rojestvensky Is Now 200
Miles Northeast of Sai-
gon Harbor.

St. Petersburg, April 17.—There
is no information from Admiral Ro-
jestvensky's squadron, but the Ad-
miralty would not be surprised to
learn of skirmishing between scout
ships today or tomorrow and the in-
auguration of torpedo boat warfare
soon is not unexpected. The naval
organ here expresses the opinion
that Togo was taken completely by
surprise when Rojestvensky sud-
denly appeared at the entrance of the
China Sea and is now concentrating
his widely scattered fleet near the
Pesiadores, where it is believed a
sea fight probably will occur.

The North German Lloyd steam-
ship Prince Heinrich reports that
she sighted eighteen vessels of the
Russian Baltic squadron in Kam-
ranh Bay at noon on Friday last.
The steamer did not sight any Jap-
anese warships.

Kamranh Bay Cochin China, is
about 200 miles northeast of Saigon.

Victory or Death.

Paris, April 17.—Gaston Dru tele-
graphs from St. Petersburg to the
Echo de Paris that Admiral Rojest-
vensky's last telegram before leav-
ing Nossi Be was singularly laconic
and eloquent. He wired: "I will
telegraph again before the battle.
If I am beaten you will learn it
through Togo; if I defeat him I will
announce it to you."

M. Dru adds that the telegram
was accepted as meaning that the
Russian seeks victory or death.

Defense Zones.

Tokio, April 16.—The Navy De-
partment has proclaimed defense
zones surrounding the Pescadores,
the island of Okinawa, in the Loo-
choo group, and the islands of
Oshima and Erim, off the Province of
Osumi.

Same Time at Kirkmans-

Mr. H. H. West. The ceremony
was performed by the Rev. B. F.
Hyde, of near this city. The double
matrimonial event occurred at the
home of the bride's parents and was
witnessed by a large number of re-
latives of the young people, who are
prominent in Kirkmansville society
circles.

TO OUR FARMER FRIENDS

Clarksville, Tennessee, January 3rd, 1905.—This crop of tobacco, being of better quality and shorter in average yield, are two reasons for expecting better prices. Besides, full confidence as to the final outcome, may be based upon the wise conclusion of the farmer to prize and put his tobacco in condition to hold for the best demands, only to be found on the open market. The force of combines, who have ignored open markets in order to fix lower prices in the country is broken, and we predict an era of greater prosperity will come to tobacco growers. The farmers will not regret the move they have made, and the more compact their organization, the greater their influence.

As we have done for the many years past, we solicit the patronage of farmers. As heretofore, our best efforts on their behalf can safely be relied upon. Our warehouse is open day and night, and provided with good, comfortable free quarters for teams and teamsters under the same roof. Your Friends, **KENDRICK-RUNYON TOBACCO WAREHOUSE COMPANY**

TWO VIEWS OF FLAT LIFE.

Showing How You Can Always Get Frank Criticism of Your Furniture from Friends.

When you want to rent your flat furnished prepare for criticism, says the New York Sun.

Your friends may not like your furniture, but they will not say so. If they think your flat is ill-arranged they are not likely to mention it. Prospective tenants are not so considerate.

One of these looked the other morning at a flat that was to rent for \$500 a month. It must, therefore, have possessed some good qualities. Husband thought it possessed so many he was ready to take it on the spot.

"I cannot say positively that I will rent the apartment," he said, enthusiastically, "but it is exactly what we have been looking for, and I don't doubt that my wife will like it. I will telephone her to come and look at it."

After a while wife came, accompanied by a friend.

"You don't mean to say that John has taken this place," she exclaimed, in apparent distraction, turning to the original tenant of the rooms. "How in the world could he have done such a thing?" Then she walked into the second drawing-room, her eyes still critically uplifted.

"Why, it's worse than the first one," she observed to her friend. "What did John see in the place?" Throughout the suite of rooms she maintained the same unhappy look.

"Your husband did not definitely take the apartment," explained the hostess, who was amused at the frank distress of her visitor, for she knew that the rooms were artistic and beautiful. "He said that he must hear your opinion."

A look of delighted relief came over the woman's face.

"Well, he might have told me that," she said, "then I wouldn't have been so worried."

Half an hour later the husband called up that he did not think the apartment suited his wife exactly. That was no news to the woman who had just shown it to her.

SEALSKIN "JUST AS GOOD"

The Article Sold for \$60 is Often Taken for Genuine \$800 Material.

"Some day when I've plenty of time," mused the old bachelor, who would be described almost anywhere as a "dressed gentleman," according to the Providence Journal, "I'm going to ask somebody who knows or ought to know what becomes of all the sealskin sacks. I don't see one sealskin garment now where I used to see hundreds of them, and the few that are worn have telltale earmarks of scissors on them. What I mean is that they've evidently been in the family a good many years and have been cut down and made over to suit the changing styles or got rid of places on them that have worn yellow. I don't believe that I've been face to face with a brand-new, swagger sealskin dolman for two winters, and there was a time when a woman who couldn't have a sealskin didn't care how she looked. No other variety of fur was in it. Now every fur except sealskin is in it, or on them, and there must be a reason for it. To my eye nothing in the warm line equals sealskin for richness and beauty of appearance."

"I'm not sure about it," squeaked a citizen who had been listening, "but I've a notion that if you'll inquire you'll discover that the plush cloak, framed up to look like sealskin, has driven sealskin into cold storage. A woman with the real thing that cost \$800, and reached just below her waist, would find herself opposite one of those \$60 cloaks sweeping the floor. Men couldn't tell the difference between the two, and that thought'd take away her appetite for a week."

Different Now.

"Be sure you are right, then go ahead," is my motto," said the bachelor.

"It used to be mine also before I got married," rejoined the scanty-haired man with a large, open-faced right.

"And now?" queried the bachelor.

"Now," replied the other, "I make sure that I am right, then do as my wife tells me."—Chicago Daily News.

Spring Medicine

There is no other season when good
medicine is so much needed as in the
Spring.

The blood is impure, weak and
impoorished—a condition indicated
by pimples and other eruptions on the
face and body, by deficient vitality,
loss of appetite, lack of strength, and
want of animation.

Hood's Sarsaparilla and Pills

Make the blood pure, vigorous and
rich, create appetite, give vitality,
strength and animation, and cure
all eruptions. Have the whole family
begin to take them today.

"Hood's Sarsaparilla has been used in
our family for some time, and always with
good results. Last spring I was all run
down and got a bottle of it, and as usual
received great benefit." Miss BEULAH
BOYD, Boone, Mo.

Hood's Sarsaparilla promises to
cure and keep the promise.

By the President's explicit orders,
the employees of the Federal Govern-
ment who are in the classified ser-
vice will be compelled to retire as
members of the Republican com-
mittees in Louisville. All such men,
and there is a large number of them,
who hold membership on these
bodies are doing so in violation of
the civil service rules. The order
has created consternation among
the office holders.

Joe Jefferson, the veteran actor,
reported dying at Palm Beach, Fla.,
last week, has rallied and is reported
better. As he is very old, no perma-
nent improvement can be hoped for.
The old fellow is about to fall
into a Rip Van Winkle sleep from
which there will be no awakening
on this side of the grave.

St. Louis was as dry as a powder-
horn Sunday, for the first time in
six years. Not only saloons, but
barber shops, news and cigar stands
and all kind of fruit stores and eat-
ing places were closed from mid-
night Saturday. The new Sunday
closing law was strictly enforced.

Seelbach's new hotel will soon be

IDENTIFICATION SURE.

Body of John Paul Jones
Found in Paris Cemetery.

Washington, April 15.—The State
Department today made public the
cablegram received last night from
ambassador Porter, at Paris, in
which he announced that the body of
John Paul Jones had been found.
The cablegram described the finding
of the casket and the identification
of the body by Drs. Papillault and
Capitau, professors of the school of
anthropology. The cablegram fully
bears out the Paris dispatches of
the Associated Press published this
morning.

C. T. YOUNG ELECTED INSPECTOR

Association Tobacco Will Be
Inspected Independ-
ently.

CHARGES AGREED ON.

The Inspector Will Give Bond
And Appoint His As-
sistants.

The Executive Committee of the
Dark Tobacco Growers' Protective
Association met at Clarksville Fri-
day and put affairs under an entirely
new system. The association now
takes entire charge of the tobacco
controlled by its own agents, who will
be held responsible to the buyers for
the condition in which it is offered.
For warehousing and inspecting
the tobacco controlled by the associa-
tion the Executive Committee re-
cently fixed the charges at \$3.25, of
which \$1.75 is to be paid by the
farmer. This started an interesting
fight, the warehousemen claiming
that they could not handle the tobacco
for that amount. The Clarksville
Tobacco Board of Trade entered the
fight and asked that the regular in-
spectors of the market be allowed to
sample the association's tobacco at
the regular rate of 40 cents per
hogshead. This brought forth op-
position, because one of the inspec-
tors, Dr. Crouch, is said to have sold
his crop of tobacco outside of the
association. Polk Prince of Mont-
gomery county, suggested that the
warehousemen be allowed \$3.40 per
hogshead for handling the tobacco,
they agreeing to pay twenty cents
to the inspectors for sampling.

The warehousemen accepted the
proposition and this matter was set-
tled. The Board of Trade requested
that their inspectors be appointed to
do the sampling. The Executive
Committee took up this matter yester-
day and after considerable discus-
sion, the committee submitted a
proposition to the regular inspec-
tors allowing them to do the sam-
pling provided they would accept
twenty cents instead of forty cents.
This proposition was turned down
by the Board of Trade. The Com-
mittee then elected C. T. Young,
one of the oldest and most prominent
tobaccoists in Clarksville, its gen-
eral inspector, fixing his bond at
\$25,000. It was decided that he
would have entire charge, or the
sampling in all counties the associa-
tion, he to appoint his assistant
inspectors.

Under the New Anti-Trust
Law of Arkansas.

Danville, Ark., April 15.—In a
speech here to-day to a large gather-
ing of business men advocating a re-
duction of cotton acreage, Gov. Jeffer-
son Davis combated the idea that
the organization of farmers with a
view to securing better prices for
cotton was in violation of the new
anti-trust law of Arkansas. If it
were held otherwise by the courts
the Governor declared he would par-
don all farmers prosecuted and con-
victed under the new act.

75 Silk Suits ... FOR ... Summer Wear

NOT alone because of its exquisite beauty and durability is
Chiffon Silk an ideal summer fabric. Its weave is of al-
most web-like fineness. These qualities go to make it the pret-
tiest and most comfortable of warm-weather dress goods. Many
fabrics, after washing, lose much of their cooling properties.
The minute air passages between the threads become clogged
with starch or closed by dust, thus shutting out the cool air and
keeping in the heat. But silk is dust proof and always remains
airy; does not soil readily, nor lose any of its original lustre.
The whole Realm of Fashion is loud in its cry for Silk Summer
Suits. Fashion demands comfort as well as beauty.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble presses upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine stains the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and reliable effect of **Swamp-Root** is soon realized. It is sold in fifty-cent and one-dollar bottles. You may have a sample bottle by mail free, also a **Book of Swamp-Root**, pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Do not make any mistake, but remember the name, **Swamp-Root**. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

'FRISCO SYSTEM

Has Secured Control of The Tennessee Central.

Nashville, Tenn., April 15.—Through the purchase of the Tennessee Central railroad the St. Louis and San Francisco (the "Frisco") road is to secure an entrance into Nashville. Such is the story resulting from the presence here Friday of J. Davidson, president of the "Frisco," B. F. Yorkum, chairman of the "Frisco" executive board, and J. C. Van Blarcom, president of the Tennessee Central. No details are announced, but members of the visiting party admitted that in future, probably by May 1, the Tennessee Central will be a "Frisco" road. This means another direct line from Nashville to St. Louis and Chicago, as well as the grain fields of the West and North-west.

It was also learned that lines will be built from Hazard to Knoxville and from Hopkinsville, Ky., to a connecting point with the Chicago and Eastern Illinois, either at Evansville or Jopka, Ill. The party including General Manager Clark, of the Tennessee Central, went on to St. Louis. Before leaving Mr. Van Blarcom said:

"Yes, our visit is significant, but we cannot give out all the facts just at present. We are not here for pleasure only, however, and you may get some official news that will interest Nashville very soon."

Warrants of arrest have been issued against T. D. Underwood, county attorney of Barren county, and R. E. Combs, city attorney of Glasgow, Ky., charging them with selling whisky to negro dealers in a local option county and sharing the profits for protection.

CHRISTIAN'S TIME

To Select the Nominee For Senate from Sixth District.

Madisonville, Ky., April 15.—The Democratic Senatorial Committee of the district, embracing Christian and Hopkins counties, met here today and adopted resolutions that it is Christian county's turn to select the nominee for Senator. In view of the previous indorsement of the candidacy of Charles M. Meacham by the Christian County Committee, a resolution was adopted that if no other candidate is announced by April 22, Mr. Meacham should be declared the nominee.

The Official Order.

At a meeting at Madisonville, Ky., of the Democratic Senatorial Committee of the Sixth District of Kentucky, held April 15, 1905, present Hon. James West, of Christian county, and Hon. Lee Gibson of Hopkins county, the following resolution was passed:

Whereas, according to the custom of the Sixth Senatorial District, composed of the counties of Christian and Hopkins, it is the turn of Christian county to furnish the Democratic candidate for State Senator to be voted for at the November election, 1905, and whereas the Christian County Committee has made an endorsement for said position, it is ordered that this Committee adjourn to meet April 24, 1905, in the city of Madisonville, Ky., at one o'clock p. m., and in the event only one candidate has made formal announcement of his candidacy for State Senator, by April 22, 1905, then this Committee when it meets, shall declare the candidate proposed by the Christian county Democracy the nominee for Senator. In the event there are more than one announced candidates by the said 22nd day of April, the Committee will then take further action to settle the contest.

GAME LAW

Will Not Prevent the Importation of Quail.

Without disturbing the constitutionality of the new game law, Judge Pryor of Louisville, reversed the decision of Magistrate C. J. Fegan-bush in the eighty-one cases against A. Booth & Co., charged with selling quail during the open season. The defendants were fined by the magistrate \$25, or the maximum in each case, the total assessments and costs coming to about \$1,800. It was believed that the validity of the new game act was involved in this decision.

Judge Pryor holds that this applies only to game killed within the State and can have nothing to do with that killed or taken in other parts of the country and brought into Kentucky for sale. From a full consideration of the whole act he feels that this was the legislative intent. He comments further: "The Legislature seeing the difficulty of establishing the guilt on the part of those having possession of game within the prohibited periods made mere possession evidence of guilt, and in this way placed the burden of proof of establishing innocence on the party charged with the offense." An appeal will probably be taken by the commonwealth to test the question conclusively.

Percy Wilder, pitcher of Evansville, who was given his release from the Toledo team of the American Association a few days ago has been offered a place on the Atlanta team of the Southern League. For the past two seasons he was with the Cairo, Ill., team of the K. I. T. League.

The local team last week sent tickets to 20 players on their reserved list and ordered them to report next Thursday for two weeks of practice. Work has been suspended on the park repairs until Thursday, when the option of the American Snuff Co. will expire. If the park is sold, the improvements will be speedily moved to another lot and the team will practice on the old grounds. If the sale is not made, two days more work will put the old grounds in good shape.

CLEAN SWEEP MADE OF THE FRUIT CROP

Freezing Weather Creates a Havoc in Orchards and Gardens.

FROST HELPED SOME.

Fears That the Damage Will Extend to The Wheat Crop Also.

The mercury dropped to 32 degrees Sunday night and the fruit crop appears at this writing to have been totally destroyed. Even the leaves are killed on many trees. Some of the trees were so covered with foliage that a few dormant buds may have escaped, but all examined seem to have been killed as dead as Hec-tor. Peaches especially were cleaned up. The buds were as large as grains of corn and gave promise of the finest crop since 1900. Pears, plums and apples are nearly all dead, if any at all have escaped. Strawberries are badly damaged, but not all killed. Grape vines were growing rapidly with shoots six inches long and these are all killed. They usually put out new shoots, but the crop will be cut short and delayed. Early vegetation in the gardens went the way of all green things, and many a pretty garden will have to be planted over again. To make matters worse, last night was expected to be a repetition of Sunday night.

The fruit crop is so irregular of late years that it is always surrounded with an element of uncertainty. The freeze this time comes so late that it is especially disappointing and distressing.

The destruction of the fruit wrecks heavy losses on many orchard men who raise fruit for the market. G. B. Underwood who has an orchard near the city, says his loss will be \$1,500.

If the wheat crop is damaged as feared now, the loss to the farmers will be enormous.

BEEF CATTLE.

Considerable Advance in Prices on Fat Stock.

There has been an advance in the price of beef cattle on the market, but, as yet, the price of meat has not been advanced by the retail dealers in Hopkinsville. Porter house steak is still selling at twelve and a half cents per pound and sirloin remains at the same figures. Top steers are now selling at \$4.25, and some are asking \$5.75, whereas three months ago they sold at from \$3.50 to \$3.75. The prices, however, are about the same as those ruling at the same time last year. Good fat cows have advanced from \$3.25 to \$3.75, an increase of about fifty cents since the first of the year.

SEVENTEENTH STREET

Will be Widened from Main to Canton Pike.

The proposition of Mr. H. D. Wallace, Dr. H. H. Wallace and Mr. J. W. Campbell to donate to the city nine feet for the purpose of widening West Seventeenth street, provided several outbuildings be removed and a good fence put up, etc., has been accepted by the committee appointed by the council last week, with full power to act, and work will be begun in a few days. The street will be widened nine feet from Main to the Canton pike. After a new wire fence is put up the ground will be graded and metalled and the present street remodeled. The widening of this street will be of great benefit to the people living in that section of the city, and to the traveling public coming to town over the Canton pike.

SHOT THREE TIMES.

Robt. Mitchell Perhaps Fatally Wounded.

Trenton, Ky., April 17.—Robert Mitchell, who was last week acquitted of the charge of wife-murder, at Clarksville, was shot and perhaps fatally wounded Saturday by his father-in-law, R. E. Pope. During Mitchell's long imprisonment, his two children lived with their grandfather. On Friday Mitchell sent Dr. Pope's house agent and his wife sent word to her son-in-law to come himself, if he wanted to see his children. Mitchell went to Pope's on Saturday afternoon. It is said that when Mitchell arrived he was met at the door by Pope, who gave him his left hand, and with the other he drew a pistol and shot five times. Three shots took effect, one in the lungs, one in the shoulder and the other in the leg. Mitchell was still alive at last accounts, but there is little hope of his recovery. M. M.

CAME NEAR DYING

From an Awful Skin Humour, Scratched Till Blood Ran, Wasted to Skeleton.

CURED BY CUTICURA

One Application Soothed Him to Sleep. Cure Speedy and Permanent.

"When my little boy was three months old his head broke out with a rash, which was very itchy and ran considerable watery fluid. We tried everything we could, but he got worse all the time till it spread to his arms, legs, and then to his entire body, and he came near dying. It itched so he would scratch till the blood ran, and this yellowish stuff would be all over his pillow in the morning. I had to put mittens on his hands to keep him from scratching his skin. He got so weak he took fainting spells and we would think him dying. He was almost a skeleton, and his little hands were thin like claws.

He was about eight months when we tried Cuticura. You don't need to lay him down in his cradle in the daytime for a long time. He had got so that he just slept in our arms all the time.

INSTANT RELIEF

"I washed him with Cuticura Soap and put on one application of Cuticura Ointment and he was so soothed that I put him in his cradle. You don't know how glad I felt when he felt better. It took one box of Cuticura Ointment, pretty near one cake of Cuticura Soap, and about half a bottle of Cuticura Resolvent, to cure. I think he would have died only for the Cuticura."

Mrs. M. C. MAITLAND, Jasper, Ont. Norwalk in 14 years. "My husband writes, under date of Feb. 24, 1903: 'It affords me pleasure to inform you that my little boy is now a healthy child. He was cured of the terrible skin disease. He has been permanently cured and is hearty and strong.'"

Read throughout the world. Cuticura Resolvent, the same as Cuticura Soap. Sold by Dr. J. C. Hardwick, druggist, 50c and \$1.00. Trial bottle free.

WORSE EVERY YEAR

Plenty of Hopkinsville Readers Have the Same Experience.

Don't neglect an aching back. It will get worse every year. Backache is really kidney ache. To cure the kidney you must cure the kidneys. If you don't other kidney ills follow—

Urinary troubles. Diabetes, and Bright's disease.

A Hopkinsville citizen tells you how—the cure is easy. Mrs. John Coombs, of 1236 South Virginia street says: "For a great many years I suffered with a persistent aching across my loins and through the kidneys. At times my back was so bad that I could hardly turn in bed and I could hardly lie on my back at all without placing my hand under it which seemed in some measure to relieve the pain. A friend of Mr. Coombs told him about Doan's Kidney Pills and he got a box for me at Thomas & Trager's drug store. On using them I steadily improved until the dreadful aching was relieved and could attend to my household duties without any inconvenience. They did more for me than any medicine I ever used and I gladly recommend them."

HAD TOO MUCH CURIOSITY

Meddler. Finds Contents of Package Is Conductor's Lunch and Causes an Uproar.

"You know the line of curiosity in my make-up is very strongly defined," said one friend to another, "and I will tell you that I've had it very rudely twisted, to say nothing of being made to feel very cheap before a great number of people," says the Philadelphia Press.

"I was riding on a trolley car down Fifteenth street—this was only a few days ago. I got on uptown, and after we had gone a few squares I noticed a package lying under the seat across the aisle from the one I was occupying. The seat above it was vacant, and I naturally thought some passenger had placed it there, and had gotten off, forgetting it.

"I was greatly surprised, and I immediately became anxious to know what was in it—if it contained anything valuable. And lo! while I was turning these thoughts over in my mind I gets another passenger and takes the seat over the package. But I was not to be so easily frustrated in my purpose. Using my umbrella, I kept poking at the package every few minutes and drawing it slowly toward me.

"But at last, to my great relief, the fellow who had been sitting over my 'prize' got up. I quickly got into the seat he vacated, picked up the package and began to satisfy my curiosity. I found a nice large pumpkin pie.

"I was satisfied. I tried the package up again and replaced it under the seat. By that time I had reached my 'getting-off' place, and left the car by the front door. I stepped right off in the midst of a throng of people walking down Chestnut street, and when I reached the curb heard some one shout:

"Hey, there; ain't ye glad ye found out what was in that paper?" "I turned and saw the conductor of the car I had left shaking his hand at me. It then dawned on me that I had been meddling with that man's lunch."

Lady Sees Possible Chance for a Husband Goes Into Strict Training for Looks.

There was a combination of wholesale and retail business in her eye as she entered the office of a leading dentist, says Pick-Me-Up, and inquired:

"Can you pull six teeth for me at once?"

"Have you come prepared?" he asked in reply.

"Why, I'm here, ain't I?"

"But do you wish to take laughing gas or ether?"

"No, sir; I'll sit on the chair and you clinch on and pull."

"Very well, ma'am."

She removed her bonnet, took her place in the chair, and he pulled six front teeth without bringing a groan.

"How soon can I get a plate?" she inquired, as she got out of the chair.

"In about six weeks, ma'am—a permanent plate."

"All right, go ahead. Is there a chiropodist near?"

"One or two doors down."

"I want seven corns and five warts taken off. Good shoemaker handy?"

"Next door, ma'am."

"That's right. I want a pair of shoes made to force me to toe out for a while. Chemist's shop down the street?"

"One opposite, ma'am."

"I want to get these freckles off. Six teeth, half-a-crown each—13 shilling. Here's your money."

"Excuse me, ma'am, if I ask you if you are an American?"

"No, sir; I'm a widow from Manchester. Live five miles out. Struck a man who looks as if he'd like to be my second husband, and I'm going into training on the off-chance. Good day."

MOB WAITS ON JUDGE

Negro Will Be Lynched if Not Tried at Once.

Nashville, Tenn., April 16.—A dispatch from Verona, Tex., says that Isom Boyd, a half-witted negro, met Allen Reynold, a prominent young white man, in the road, took his gun from him and shot the top of his head off. The negro was arrested and placed in jail. A mob soon gathered, and told the Sheriff if the negro was not tried at once he would be lynched. Judge Richardson has the matter under advisement, and the mob is now waiting on his decision.

MORE ABOUT PIONEERS FORGOTTEN.

Some Have Descendants Still Living In The City.

McGARVEY BROTHERS.

Several Prominent In Early Church Work In Hopkinsville.

Another article is here given containing brief sketches of some of the pioneers buried in the old Westside Cemetery. The next article will discuss the original owner of the ground upon which Hopkinsville was laid out. One or two more will conclude the series.

Bradley.

Robt. S. Bradley and his wife, Mrs. Louisa E. Bradley, died one in 1836, the other date is effaced. They were the parents of Mrs. Bob Ellis, who still lives in this city with three of her children, Mr. Jno. G. Ellis, Mrs. L. H. McKee and Miss Jimmie Ellis.

Dallam.

Francis M. Dallam, who died in 1828, when 68 years of age, was one of the city's earliest settlers. His wife, Sarah, sleeps beside him. They reared a large family, many of whom attained prominence. Nathan S. Dallam, whose relationship to Francis is not known, was the second circuit court clerk of the county. He was probably the pioneer Dallam's son. The family is no longer represented here. One branch of it became prominent at Henderson and Clarence Dallam, a talented young lawyer, now lives in Louisville. Francis M. Dallam was 22 years old when the Revolutionary war began and in all probability was a soldier. He was a charter member of the first Masonic Lodge chartered in this part of Kentucky in 1816 and so was Nathan S. Dallam.

Eggleton.

Benjamin Eggleton, who died in 1819, was one of the very earliest citizens of the infant county. He was here prior to 1804 when the name of the town was changed from Elizabeth to Hopkinsville. His name frequently occurs in the early records of the county, but no one here remembers anything about him. The Eggletons here now came in recent years and they are not descendants of the pioneer of that name.

English.

On the south side of the cemetery is a well-preserved headstone of Jonathan English, who died 53 years ago. Nobody here now remembers him at all and if he has descendants they are in other localities. At the time he died he was 56 years old. His tomb sets forth that he married Jane Moore, daughter of David Moore, Sept. 6, 1848, a few years before he died. That he professed religion in 1823 and was an elder in the Presbyterian church to the time of his death.

Hopkins.

In the southeast corner of the grounds is the grave of Miss Ruth Hopkins, who died in 1834 at the

age of 60 years. Near by are the graves of Thomas Hopkins and Mrs. John Hopkins, consort of John Hopkins. They all died more than 70 years ago. Nothing is now known of them. The city of Hopkinsville was named in honor of Gen. Stephen Hopkins in 1804. The Hopkins family here then may have been his kindred. There is still a Thomas Hopkins in this county, but he is a native of Ireland.

McGarvey.

Two brothers, John and William Alexander McGarvey, were buried side by side and their graves were covered with old-fashioned boxed tombs, with inscriptions cut on the top. Parts of these still remain, that of John McGarvey being the better preserved. They were the only sons of their father and were born in Tamny, north of Ireland, and came to America together when quite young. They were Protestant Irish and were proud of the orange ribbon. William A. McGarvey married a Miss Moore, of Hopkinsville, but died young and left a widow and one son, John William Alexander McGarvey. The latter was well known in Hopkinsville for many years as Alex. McGarvey, but spent his last years in Memphis, where two of his daughters—Mrs. Browne and Miss Aleck McGarvey—still reside. John McGarvey married Sallie Ann Thompson, of Christian county, an aunt of G. C. E. B. and T. W. Long, and died when 33 years of age, leaving one son, John William, and three daughters, Sarah, Nancy and Mary. Mary married Thomas D. Haley, now a distinguished preacher of Kansas City, Mo., where she died, leaving three sons and two daughters. Nancy married Dr. Hiram Christopher, of St. Louis, who spent his later years in St. Joseph, Mo., where both died, leaving three daughters. Sarah married Thomas S. Parker, a merchant of Sedalia, Mo. Both are still living and have made their home for several years in Pueblo, Colo. The son, John William McGarvey, is still living and is 76 years of age. He is President of the "College of the Bible" in Lexington, Ky., and has been a professor in that institution since 1865. He is also a preacher of marked ability in the Christian church and author of several noted religious works, of which are "McGarvey's Commentary on the Acts of the Apostles," his "Commentaries on Matthew and Mark" and "Lands of the Bible." The latter is considered one of the most accurate and reliable works of the kind now extant. We are indebted to Dr. McGarvey for the material contained in this sketch.

Parrish.

One of the prominent men of sixty years ago, who sleeps in an unmarked grave, was Samuel Parrish, an uncle of Dr. R. W. Ware. He married a sister of Samuel Murrell, of Louisville. Dr. Ware was present at his burial when he was a boy. A monument was erected, but it has long since disappeared. Samuel Parrish was a wealthy man and owned a sugar plantation in Louisiana. He was taken with consumption and was on a boat in the Mississippi river, en route to Cuba, when he died. His body was brought back to Hopkinsville for burial. It was taken to a residence on what is now North Virginia street and as there were no hearses in those days, it was carried through the streets

Pursley.

Near the center of the lot was buried in 1847 John Pursley, who was born in 1774. He was one of the earliest pioneers who came to Hopkinsville. He was a stone mason and helped to build the first brick house erected in the infant city. He was a shrewd trader and accumulated considerable property. The county history says he was a very large and fleshy man and spoke with a peculiar drawling tone. The present Baptist church with a membership of 600 was organized at his house, which was near the present bridge on the Canton pike, on June 6, 1818. There were ten members. Mr. Pursley was a prominent and active member until his death nine years later. His grandson, John W. Pursley is still here a useful member of the church organized in his grandfather's house.

Kinkead.

Several members of the Kinkead family are buried in the cemetery, some as late as 1858. Mrs. Susan Kinkead was a daughter of Henry and Elizabeth Allen. Mrs. Virginia Kinkead was a daughter of Mr. Morris and was the wife of Joseph D. Kinkead. She died in 1838. Mr. Kinkead was an uncle of Mr. Henry C. Gant and his deceased brother, Joseph Kinkead Gant.
